

Sample No Smoking Signs

All businesses in Hawaii will be required to post “No Smoking” signs. Signs must read “Smoking Prohibited By Law” or show the international “No Smoking” symbol. Hawaii’s Smoke-Free Law requires that signs are posted at the entrance of all businesses and that letters are clearly visible and at least one inch. Downloadable formats are available below or at www.hawaiiisokefree.com and www.altres.com/ohr/resource-library/smokefreelaw.php. For any questions on required signage, please call the Department of Health (808) 586-4613.
